I. Summary:

The bill directs the Department of Highway Safety and Motor Vehicles (DHSMV) to issue a Hospice specialty license plate. In addition to applicable motor vehicle registration taxes and fees, a \$25 annual use fee will be charged for this new specialty license plate. The annual use fees will be distributed to Florida Hospices and Palliative Care, Inc., to fund: (1) projects relating to hospice care for special groups or to provide disease-specific research or outreach; (2) education and outreach for persons involved in hospice; (3) informational and educational hospice media programs; (4) toll-free referral line operated to provide hospice information; and (5) expansion or enhancement of the web site of the organization.

This bill substantially amends sections 320.08056 and 320.08058 of the Florida Statutes.

II. Present Situation:

Section 320.08053, F.S., provides an organization seeking authorization to establish a specialty license plate must submit the following:

- A request for the particular license plate with a description of the proposed plate in general terms.
- The results of a scientific sample survey of Florida motor vehicle owners that indicates at least 15,000 motor vehicle owners intend to purchase the proposed specialty license plate at the increased costs.
- An application fee, not to exceed \$60,000, to defray DHSMV's cost for reviewing the application and developing the specialty license plate, if authorized.

- A marketing strategy outlining both the short and long term marketing plans and a financial analysis outlining the anticipated revenue and the planned expenditures of the requested specialty license plate.

The required documentation and fees must be submitted at least 90 days before the convening of the next regular session of the Florida Legislature. If a specialty license plate is approved by law, the organization must submit a proposed art design for the specialty plate to DHSMV no later than 60 days after the act becomes a law. If the specialty license plate is not approved by the Legislature, then the application fee shall be refunded to the requesting organization.

Section 320.08056, F.S., provides DHSMV is responsible for developing the specialty license plates and must begin production and distribution within one year after approval of the specialty license plate by the Legislature. Specialty license plates must bear the design required by law for the appropriate specialty plate, and the designs and colors must be approved by DHSMV. In addition, the specialty license plate must bear the imprint of numerals from 1 to 999, inclusive, capital letters “A” through “Z”, or a combination thereof. The word “Florida” must appear at either the top or the bottom of the plate, depending upon the design and may bear an appropriate slogan.

The Department of Highway Safety and Motor Vehicles is authorized to annually retain the first proceeds derived from the annual use fees collected in an amount sufficient to defray each specialty plates pro rata share of DHSMV’s costs directly related to issuing the specialty license plate.

The Department of Highway Safety and Motor Vehicles must discontinue the issuance of an approved specialty plate if less than eight thousands plates (including annual renewals) are issued by the end of the fifth year or during any subsequent 5-year period. The Department of Highway Safety and Motor Vehicles is authorized to discontinue the issuance and distribution of specialty plates if the organization no longer exists or if the organization has stopped providing services authorized to be funded.

Annual use fees or any interest earned from those fees may not be used for commercial or for-profit activities, or for general administrative expenses (except as specifically authorized or to pay the cost of the audit or report required to ensure the proceeds are used as authorized).

III. Effect of Proposed Changes:

The bill directs the DHSMV to issue a Hospice specialty license plate. In addition to applicable motor vehicle registration taxes and fees, a \$25 annual use fee will be charged for this new specialty license plate. The annual use fees shall be distributed to Florida Hospices and Palliative Care, Inc., to fund: (1) projects relating to hospice care for special groups such as children, veterans, ethnic, religious, gender or minority groups or to provide disease-specific research or outreach; (2) education and outreach for persons involved in hospice; (3) informational and educational hospice media programs; (4) toll-free referral line operated to provide hospice information; and (5) expansion or enhancement of the web site of the organization.

The first \$90,000 in annual use fees shall be distributed to the organization to be used to recover all startup costs for developing and issuing the plates. Thereafter, the annual use fees shall be distributed to the organization which shall distribute the annual use fees through a standing committee reviewing funding solicitations and awards.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Economic Impact and Fiscal Note:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Persons who apply for the Hospice license plate would have to pay \$25 for the annual use fee.

C. Government Sector Impact:

Current law provides an application fee, not to exceed \$60,000, be paid to DHSMV to defray the administrative costs of reviewing and developing the new specialty license plate. The Department of Highway Safety and Motor Vehicles has indicated \$60,000 has been collected from the applicant to defray these costs. This fee will be refunded if the license plate is not approved by the Legislature.

The Department of Highway Safety and Motor Vehicles estimates administrative and design costs to be approximately \$60,000 per specialty license plate authorized. Any additional cost of issuing the license plate will be retained from the first proceeds derived from the annual use fees as provided in s. 320.08056(7), F.S.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Amendments:

None.
